Is the property located within a historic district?
District Inventory Number:   NR-listed district   yes   Eligible district   yes   District Name:
NR-listed districtyes
Preparer's Recommendation: Contributing resourceyesno Non-contributing but eligible in another context
If the property is not within a district (or the property is a district)  Preparer's Recommendation: Eligibleyes _Xno  Criteria:AB _X _CDConsiderations:A _X _BCDEFGNone  Documentation on the property/district is presented in: Caroline County Historical Society  The Collier Summer Kitchen was originally located on the William Collier Farm near Baltimore Corner in the northern part of Caroline County near the town of Goldsboro and located on the U.S.G.S. 7.5 min. Map; Goldsboro Quad. The building was given to the Caroline County Historical Society to be used in conjunction with an interpretative location pertaining to the Underground Railroad in Caroline County. It has been moved to a temporary location on the farm belonging to Dr. Paulette Green near Preston.  The building itself is approximately 10' x 14' and is a one-story structure that appears to date from the turn of the 20 <sup>th</sup> century when Summer kitchens were still very popular. The exterior is covered with plywood siding and the "A" roof has asphalt shingles. There are awning windows in place of the former windows. The single interior room has been completely covered with modern flooring, wall finish and ceiling. Only one element remains from its original finish that that is a board and batten hutch or cupboard.  Since there is very little original materials or finish visible and the structure has been removed from its context the building cannot be considered a candidate for the National Register.  Prepared by:
